

Communities Matter Sponsorship Report

2024

Crop Smart
better crop protection

Our Mission: Making a difference in farming communities

Through our Communities Matter sponsorship initiative, each quarter our Crop Smart local store teams each select local organisations to support and provide with funding.

We have helped many groups and organisations by funding equipment, uniforms, trips, events, programs and restoration projects.

We recognise the vital role that local community organisations play in shaping and developing regional communities and we are proud to offer them our support.

Since 2006 we have donated over

\$300,000

**to local community organisations across
SA, VIC and NSW**

Our FY24 Recipients

Between Jul 2023 and June 2024 we donated over \$57,000 to over 100 Community Organisations across SA, VIC and NSW.

Active Farmers
